

Specialty Seal™ TWO PART X-TREME™

Water-Based Urethane Color Enhancing Sealer

2PX

Eco-Friendly Concrete Sealer That Protects From Abrasion or Chemicals

2PX TWO PART X-TREME™

Specialty Seal™ 2PX Two Part X-treme™ is a concentrated water-based urethane, UV resistant, low/ no odor concrete sealer. 2PX can provide a color enhancing or high-gloss finish depending on mixing ratios. This commercial sealer is great for high-traffic areas and can be used on new or existing projects.

Applications:

- ▶ Concrete surfaces
- ▶ Concrete pavers
- ▶ Clay pavers
- ▶ Travertine
- ▶ Marble
- ▶ Limestone

Benefits:

- ▶ May be applied to damp surfaces (no water pooling, surface must appear dry/light in color)
- ▶ Interior/exterior use
- ▶ Low VOC & low odor
- ▶ Mechanical bond on prepared surfaces
- ▶ Excellent UV resistance/ non-yellowing
- ▶ Helps stabilize sand joints

5 gal

Covers up to 300 sq. ft. per gallon
