## SF-8 DISPENSER

SPRAY FOAM 8 MINUTE DISPENSER GUN

## SF-8™ DISPENSER INSTRUCTIONS

- Always store with a canister of adhesive attached
- Make sure to run adhesive through gun prior to storing
- Extrude SF-8™ Adhesive once a week when in storage to keep gun viable
- Close the valve of the SF-8™ Dispenser after each use to prevent accidental discharge
- Make sure SF-8™ Dispenser flow control dial is fully closed before connecting a canister
- Keep nozzle 3/4" away from surface
- Precision application & bead control
- Adjust output of adhesive with flow control dial

## SF-8™ DISPENSER FEATURES:

- Stainless steel rod
- Steel extension
- Fully adjustable dial
- Rod gasket lifetime (wear): >100,000 cycles

## IMPORTANT INFORMATION:

ALWAYS STORE DISPENSER GUN ATTACHED TO  
SF-8™ ADHESIVE CANISTER.

## SF-8 CLEANER

SPRAY FOAM 8 MINUTE CLEANER

## SF-8™ CLEANER INSTRUCTIONS

- When attaching SF-8™ Cleaner to dispenser gun spray cleaner until residue comes out clear
- Allow cleaner to remain in dispenser gun for roughly 15 minutes
- Always remove SF-8™ Cleaner from dispenser gun and apply a new adhesive canister

## CLEANER FEATURES
